Secure, reliable printing
Accomplish more with a robust printer you can count on—the HP LaserJet P4015 Printer series.

In addition to supporting standard security protocols and optional third-party security solutions, the printer includes industry-leading security capabilities. Get fast, secure performance across your network with advanced IPSec encryption, prevent unauthorized access with management features like 802.1X authentication and password protection, and guard sensitive information with support for private printing. Just press the Folder button to view your stored jobs, enter a PIN, and print your documents.

High speeds and performance
Enhanced HP toner enables print speeds of up to 52 pages per minute (ppm), letter. Time To Completion (TTC) of a typical office print job can be nearly twice as fast with Instant-on Technology.¹

Flexible and expandable
Upgrade your printer as business needs evolve with a host of optional paper handling and finishing accessories, including additional 500-sheet or 1,500-sheet input trays, an automatic duplexer for two-sided printing, an envelope feeder, a 5-bin mailbox, a stacker, or a stapler/stacker. Print on a variety of media types and sizes for output that meets your specific business needs.

Improve performance and increase storage capacity with an optional EIO hard disk. The printer also supports optional Jetdirect and third-party solutions via the EIO slot and Host USB 2.0-like ports.

Easy to manage
Simplify fleet management tasks and reduce IT costs with HP Web Jetadmin.² Use a single driver—the HP Universal Print Driver communicates directly with each HP device on your network and customizes the user interface to show available features.³

¹ Instant-on Technology uses cutting-edge fuser technology to produce the first page faster when a printer is coming out of low power mode so your print job is done sooner. An InfoTrends study shows the typical office print job is three to five pages long: www.infotrends.com/public/Content/Presentations/officeprinteruse.pdf. Time To Completion of a typical office print job tested on HP and select competing products. Actual results may vary.

² Find more information and download HP Web Jetadmin free at www.hp.com/go/webjetadmin.

HP LaserJet P4015 Printer series

1. Control panel simultaneously displays up to four lines of text and animated graphics and features a built-in 10-key pad.
2. Optional 500-sheet 5-bin mailbox with sorting capability.
3. 500-sheet top output bin.
4. Adjustable 100-sheet multipurpose input tray 1 for special media.
5. 500-sheet input tray 2.
6. 500-sheet input tray 3.
8. Optional 1,500-sheet high capacity input tray.
9. HP Jetdirect Gigabit Ethernet embedded print server with IPSec.
10. A powerful 540 MHz processor and 128 MB of standard printing memory, expandable up to 640 MB.
11. EIO expansion slot supports an optional parallel card, hard disk, or Jetdirect print server.
12. One external and two internal Host USB 2.0-like ports for third-party connections.
14. Hi-Speed USB 2.0 port for direct connection to printer.
15. 100-sheet rear output bin.
17. Optional printer stand enables printer mobility.

HP Support Services

Minimize the cost of downtime
Because printer downtime can have serious business consequences, HP provides high-quality services that extend beyond the standard warranty and help you avoid unbudgeted repair costs.

Benefits include reduced printing and infrastructure costs, maximized uptime, expert technical phone support and delivery services, and predictable and consistent service delivery across multiple locations.

Choose:
• Installation Service with Network Configuration: expert assembly of HP accessories, hardware verification, network configuration, and basic administrator familiarization
• Same Day Onsite Service: technician arrives at your site within four hours after service call is received, if this time falls within the coverage window
• Next Day Onsite Service: technician-delivered onsite service the next business day after the service call

Any of the above options can be purchased as:
• HP Care Pack Services: easy-to-buy, easy-to-use support packages
• HP Contractual Services: a comprehensive portfolio for maintaining maximum IT availability

HP also offers Managed Print Services: a solution scalable from imaging and printing devices and toner cartridges, to installation, management, maintenance, and support

[^5]: Exact speed varies depending on system configuration, software application, driver, and document complexity.
[^6]: An InfoTrends study shows the typical office print job is three to five pages long. www.infotrends.com/public/Content/Presentations/officenprintuse.pdf. Time To Completion of a typical office print job tested on HP and select competing products. Actual results may vary.
[^7]: HP recommends that the number of printed pages per month be within the stated range for optimum device performance, based on factors including supplies replacement intervals and device life over an extended warranty period.
[^8]: Duty cycle is defined as the maximum number of pages per month of imaged output. This value provides a comparison of product robustness in relation to other HP Laserjet or HP Color Laserjet devices, and enables appropriate deployment of printers and MFPs.
[^9]: Average continuous black cartridge yield 10,000 standard pages. Declared yield value in accordance with ISO/IEC 19752. Actual yields vary considerably based on images printed and other factors. For more information, visit www.hp.com/go/learn/suresupply.
[^10]: Measured per ISO 7779 and declared per ISO 9296; values subject to change. For current information see www.hp.com/support. Configuration tested: HP LaserJet P4015x.
[^11]: Values subject to change. See www.hp.com/support for current information. Power numbers are the highest values measured using all standard voltages.
